おてほんと おなじ かたちになるように、てんを せんで むすぼう

The diagram illustrates a geometric transformation on a grid. On the left, a polygon is shown, composed of several small squares and a larger square with a diagonal cut. This polygon is transformed into a rectangle on the right, which is composed of the same number of small squares. A large gray arrow points from the polygon to the rectangle, indicating the transformation process.

おてほんと おなじ かたちになるように、てんを せんで むすぼう
